内容概要

The entire corpus of Beethoven's piano sonatas is contained in this two-volume work--32 sonatas in all. Volume One contains the fifteen sonatas from Beethoven's first period, including the popular Pathétique, Moonlight, and Pastorale sonatas. Volume Two contains the seventeen sonatas from Beethoven's second and third periods, including the Waldstein, the Appassionata, and the Hammer-klavier. The music is reproduced directly from the exemplary Universal-Edition set edited by Heinrich Schenker. Combining scrupulous scholarship and profound artistic vision, Schenker achieved an edition which is universally admired by musicians and scholars. He used more autographs as sources than any previous editor of the sonatas, and he was the first to reproduce in print the visual impression of the autographs. For this Dover edition, Schenker's footnotes have been translated into English and his preface retranslated. A new introduction by Carl Schachter has also been included.
