<<Traditional Designs >>

内容概要

This splendid collection of Indian designs draws on a 5,000-year-old heritage that has produced a vast amount of unique and decorative artistic styles. A stimulating and practical archive for today's commercial artists and designers, this CD-ROM and book set depicts motifs adapted from artifacts of the Harappa culture; coins and pottery from South India; Ajanta and Bagh murals; Muslim monuments; textiles from Gujarat, Punjab, and other regions; as well as masks and other tribal arts. Included in the set are: One CD-ROM containing 800 high-quality, permission-free images scanned at 600 dpi and saved in six different formats (TIFF, PICT, EPS, BMP, as well as Internet-ready JPEG and GIF) A large-format 64-page book with every image on the CD-ROM printed large and clearly on one side of the page only for easy reference and cut-and-paste use Embodying the variety and complexity of traditional Indian design, these designs will be of immediate use to illustrators and craftworkers. They will also provide an exciting glimpse into the rich store of Indian decorative art. Also included on the CD-ROM is Dover Design Manager, a simple graphics editing program for Windows that will allow you to view, print, crop, and rotate the images. Original Dover (2004) publication. One CD-ROM and paperbound book. 64pp. 8 1/4 x 11 System requirements: Windows 95, 98, ME, NT, 2000, XP OR Macintosh, all versions; CD-ROM drive.
