Amazon.com If you don't know the difference between a lob wedge and a lemon wedge, check out Golf for Dummies, by CBS commentator Gary McCord, one of the game's most colorful--and knowledgeable--characters. It's a wonderful, often hilarious, never boring introduction to the game. Don't let the foreword by Kevin Costner or the afterword by Hootie and the Blowfish confuse the issue; this is a terrifically sound, easy-to-follow primer. McCord's potato-chip drill--yes, potato-chip drill--will revolutionize your swing, and your thinking, with overtones that could spill directly into off-the-course existence, as well. --This text refers to an out of print or unavailable edition of this title. Fuzzy Zoeller, Professional Golfer "Gary proved to be a good golfer and a good analyst. With Golf For Dummies, he has proven himself to be a good writer." --This text refers to an out of print or unavailable edition of this title. Judy Rankin, Golf Professional & ABC Golf Commentator "Gary is an excellent teacher in Golf For Dummies. I'm sure he'll be able to help you, while making you smile from time to time." --This text refers to an out of print or unavailable edition of this title.
