## <<Backstreet Boys(后街男孩)>>

### 内容概要

Backstreet Boys is the self-titled international debut album from the pop group Backstreet Boys. The album was released around Europe, Asia, Canada and in a few other markets. It was a fair success and contains a number of the band's most memorable singles. All of those singles were later released on the second self-titled debut in the United States in 1997, which compiled songs from this album, and the band's second international release, Backstreet's Back.

The Back-street Boys have come to stand for fantastic pop tunes, mind-blowing videos, unbeatable live shows and millions of devoted fans.

Their home-spun brand of infectious grooves and perfect harmonies have put them right at the top of the charts all around the world. This unofficial book covers the whole incredible story of their amazing rise to fame, detailing how the five boys- Howie D, Kevin, Nick and A.J - got together and started writing and performing their own tunes. It covers all their hits and both their brilliant albums, Backstreet Boys and Backstreet's Back.

Packed with great photos and features on each of the boys, their hme towns, the girls in their lives and the incredible number of awards they have won, this is a fantastic keepsake for fan everywhere.
