章节摘录

wanted to steal the nice bell on his neighbours door. He walked up to the door, took hold of the bell and pulled hard. The bell sounded loudly. The thief was frightened and ran home. Then he sat down and thought, "I must try to get rid of the noise. What can I do ?

" He thought hard, then he had a "good" idea. "Ah, I'll stuff some cotton into my ears, so I won't be able to hear the noise. " The next day, again he went to the door of his neighbours house and took hold of the bell. The bell was very loud, but the thief didn't hear it, because he had stuffed his ears with cotton. With another hard pull, he got the bell off the door, just then the neighbour ran out. "Steal my bell ? I'll teach you a lesson," the angry man shouted, and hit the thief on the head.
