<<人类生物学>>

内容概要

Take advantage of access to the electronic illustrations and photographs from the text; classroom activities; lecture outlines; and access to the PageOut: Course Website Development Center and BioCourse.com-all available anytime that you want them. Just visit www.mbbe.com/biosci/genbio/maderbuman7. Choose PageOut to create your course website. Simply select a template to post course information and an interactive syllabus that links to content and quizzes specific to Human Biology. The Visual Resource Library CD-ROM includes all of the photographs and illustration from the textbook. The Life Science Animations CD-ROM includes over 300 animations of important biological concepts and processes for use in classroom presentations.
