内容概要

Legend Has it that when a phoenix is 500 years old,it will collect sandalwood and set fire to itself.Reborn form the ashes,it emerges more beautiful than ever,never to die again. The phoenix is the king of birds in ancient legends.Noble in sppirit,commanding winds and coluds,hansome and many-colored,the phoenix perfectly symboizes the culture and spirit of Hubei. Hubei's capital,Wuhan,stands in the center of China.For centures it has been the largest goods distribution hub on the middle reaches of the Yangtze River.a center of trade and commerce.Wuhan is a communications crossroads too,its enviabile accessibility writing splendid chapters in the city's development. The Yellow Crane Tower has been destroyed and rebuilt many times over the course of history.It still stands magnificent today.This land of Hubei nurtured the splendid people,descendants of King Zhuang of Chu,are going all out to win keen to perform of China's economic stage and to show what they can do.
