内容概要

INTRODUCTION

Millions of foreigners come to America every year on business and vacation. Unfortunately, most of them pay more attention to packing their suitcases than to how they are going to communicate once they arrive.

In today's sophisticated world, a person can no longer consider himself prepared to communicate in a foreign society by knowing just some basic "survival" phrases. A much broader, diversified knowledge of the English language is now required to operate smoothly in the modern, high-tech information society in which we live.

Cultural differences can also further complicate communication. Would you be capable of speaking the necessary and appropriate English in the following situations?

Reporting a car accident

having a problem going through customs

describing a sickness to an American doctor

staying with an American family

reporting a crime to the police

making arrangements with a travel agent

talking to a telephone operator

requesting repair work on a car

asking for directions complimenting an American woman

The ideal solution would be to have a personal traveling companion who could always tell you exactly what to say in every situation.

This book, "EVERYDAY (ENGLISH) MINI-PHRASES 1660," is designed to be just that - a constant ESL reference companion to quickly give you the information you need - when you need it. With over 100 quick-reference topics, 1660 mini-phrases, and 1500 vocabulary words, you'll be able to find the right things to say for almost every situation you can think of.

Even if you can speak English fairly well, the organization of the information in this book makes it an indispensable reference tool for studying the English language. Everything you need to function competently in the U. S. is right here.

作者简介

ShawnHolley : 34岁, 自由作家, 出生于美国犹他州, 虔诚的基督教徒。

曾与夫人玛丽莲

- 一起受聘在日本任教, 其间, 他发现许多日本学生知道相当多的英语单词(有些甚至是美国人都不知道的), 而英语表达能力却又相当有限, 这使他对英语的教学方法产生了疑问。

从此, 他利用工作之余写下了《口语表达》、《美国口语惯用法例句集粹》、《日常英语微型短句1660例》等一大批在日本非常畅销的英语口语书。
