<<语言学译林（第一辑）>>

内容概要

语言学的根本任务是探究人类语言的本质，语言的共性寓于语言的个性之中，语言的个性是语言共性的具体体现。

我们中国的语言学家也应该为探究人类语言的本质做出自己的贡献。

《语言学译林》和《语言学文选》同时编辑出版，相得益彰，都是为实现这一目标而做出的努力。

本册为《语言学译林》，旨在把国外好的、重要的研究成果引进来作为国内同行的借鉴，由石锋等编著。

作者简介

Feng Shi is a professor and the Director of Linguistics Institute of Nankai University in China. He is also currently serving as the chief editor of Journal of Nankai Linguistics as well as the president of Tianjin Linguistics Association. He received his M.A. in 1982 from Renmin University in China and his Ph.D. in 1990 from Nankai University. He has been an adjunct professor of Beijing Language and Culture University, a research fellow of City University of Hong Kong, and a visiting professor of Nagoya Gakuin University in Japan and Chinese Summer School of Middlebury College in USA. His research interests include experimental phonetics, language acquisition, language contact, and etc. Hongming Zhang is a tenured professor of University of Wisconsin-Madison. He received his B.A. in 1981 and his M.A. in 1984 in Chinese from Fudan University in China, and Ph.D. in 1992 in linguistics from University of California at San Diego. Besides teaching at UW-Madison, he has also taught at Fudan University, San Diego Mesa College, National University of Singapore, and adjunctively serves Nankai University as Shiing-shen Chern Chair Professor and Honorary Director of Nankai Linguistics Institute. He was awarded the title of Changjiang Scholar by the Ministry of Education of China in 2009. He is currently serving the International Association of Chinese Linguistics as its Executive Secretary. His main interests lie in the interface study of syntax-phonology, phonology, dialectology, poetic prosody, Chinese philology, and etc.

<<语言学译林（第一辑）>>
