## <<庄子>>

### 内容概要

《庄子》 introduces Zhuangzi with a new interpretation based on a novel Concept of tong (通) or throughness. By understanding the concept of tong we are able to reveal the real originality of Zhuangzi's philosophy, A very different Zhuangzi is presented in this book.

<<庄子>>

### 媒体关注与评论

The Chuang Tzu ( Zhuangzi ) is one of the most justly celebrated texts of the style , it has been a challenge for centuries to the bestminds in the Far East , and has usually captivated even those it could not convince. —  
—Wm. Theodore de Bary East Asian studies expert at Columbia University The Book of Zhuangzi is one of  
the most entertaining as well as one of the profoundest books in the world. —Arthur Waley English  
orientalist and sinologist If all the Chinese poets , painters , and writers who ever lived were queried and  
asked to name one book of their favorite reading , the nomination would certainly go to the writings of Chuang  
Tzu. —Sam Hamill Librarian, poet and publisher of Unfinished Monument Press j. P. Seaton  
Professor of Chinese at the University of North Carolina
