章节摘录

Mama tried hard to take care of the house and kids , but she had a difficult pregnancy that forced her to stay in bed much of the time . I hoped by helping out with the kids and the meals I might make amends for the things I'd said about the baby . although she never mentioned them . I worried about Mama sometimes . but my head was filled with something more exciting . Soon it would be spring . and I would graduate from Franklin —Simpson High . Our class began working and earning money for our senior . . . class trip four years earlier . Starting in our freshman year we held bake sales , car washes and play productions . Finally , we did it : We earned enough money to charter two Greyhound buses to take the entire graduating class to Florida for a week ! My parents were poor . I'd never been off the farm . Let alone three states away -- and be able to see the ocean ! This trip was the epitome of a dream come true . Mama , who had only finished the fourth grade , was almost as ecstatic as I was . She was happy about my Florida trip and had sewn some pretty clothes for me even after she had gotten sick . I had blue , red , pink and yellow skirts and blouses to match . I even had a petticoat made of a rainbow of colorful ruffles . But my graduation would be her dream fulfilled .
