## <<如何欣赏绘画>>

### 内容概要

How to Enjoy Painting is one in a series of five books. There are five chapters, each dealing with a different aspect of art and paintings; there are several different sections in each chapter. I hope you will find it all interesting, even entertaining, and that your reading of English will improve as enjoyment of paintings.

Indicates that there is a question you should think about on your own.

Indicates that if you are reading the book with another person you should talk about this particular question with him or her.

You may be reading the book while studying English in a class, with a teacher, or you may be reading it at home in the evenings, or on a train, or anywhere else-it doesn't matter!

What I do hope is that you enjoy reading about art and paintings-in English!
