章节摘录

Hello and welcome to Book Talk. Today Im going to talk about a couple of books you can read during the holidays. I have three suggestions for you this week. First , if you enjoy reading science fiction , theres an exciting new book by Alan Cooper called Shallow Earth. It takes place in the future where Earth has almost been destroyed. The main characters are a group of soldiers who are fighting to save the Earth from total disaster. If youre in the mood for something romantic , theres Give Me Shelter , by Kathleen Wang. Its a historical novel set in China , and tells a story of two teenagers growing up in Shanghai in the 1930s. They decided to run away together after their families tried to stop them seeing each other. Finally theres Jump for the Stars , a biography of one of Houston Rockets most popular players Tracy McGrady. Find out how he started his NBA career , who had the greatest effect on his life , and how hes made his fortune by doing what he loves. Thats all for Book Talk this week. See you next week and keep reading !
