提高英语听力能力，对于提高中考英语整体成绩会起到积极的作用。

为了帮助考生们有效地提高听力能力和中考英语听力考试成绩，由上海市部分名牌中学具有指导中考英语丰富经验的高级教师编写了这本《中考英语听力加油站》。

本书先针对中考实际，用专文讲解应对中考英语听力考试的方法，然后根据中考考纲要求，编辑了大量与中考英语听力考试难度和题型一致的试题，并且聘请著名专家朗读，其语音、语调和语速与中考相一致。

本书为考生们掌握英语听力技能和方法，提高运用能力和考试成绩，提供了一条成功的捷径。

本书不仅可作为初三年级学生提高英语听力能力的测试指导与练习用书，也可供初中其他年级学生为提高英语听力能力作参考使用。

章节摘录

Do you know how the first envelope and postcard were developed ?

Here is the story. One day in 1820 , an Englishman was spending his holiday at the seaside. He found the ladies he knew liked writing letters , but were afraid of others reading their secrets so he designed-and made some envelopes out of paper. Twenty-four years later , that was in 1844 , another two Englishmen made an envelope-making machine. The first envelopes were developed. In 1865 , a German artist drew a picture on a piece of hard , thick paper and wrote a few words on its back. He wanted to send it to his friend , but could not find a big enough envelope for it. He went to the post office and told one of the clerks about it. The clerk thought for a while and told him to write his friends name and address on the back of the picture. The picture served as an open letter. The German artist happily aeepted this and this was how the first postcard was sent.
