<<现代汉语被动式原则与参数模型>>

内容概要

本书还对汉语被字句中的接应代词的指称情况作了比较深入的考察，并提出了两种解释方案。

其一，将被字句中的接应代词和汉语主题句中的接应代词视为同一类型，即变项（variable）空语类的显性表现，它与被动句主语的同标关系借助于空算子操作得以实现；其二，将其看作是空语类pro的显性表现，在这种情况下，它与被动句主语的同标关系实际上依赖于被动句的认知语义特点以及一定的常规关系，因而具有一定的不确定性。

但是无论哪种情况，接应代词的使用都遵守约束理论。

本书中所建的汉语被动化模型具有相当的灵活性。

具体表现在对汉语形式被动句、领属被动句以及兼语被动句的生成解释上。

比如，由于空动词Va的设立，我们便可以免于陷入被动语素在兼语被动句中如何附缀的问题。

同样，由于Va的设立，我们便可以根据徐杰（2001）提出的焦点结构以及焦点特征形式化理论解释形式被动句的生成原理。

Va的设立还可以使我们根据被动句的认知语义特点以及常规关系对汉语领属被动句中的领属语义关系进行解释。

书籍目录

序 Acknowledgements 前言 Chapter 1 Introductory Remarks 1.1 About the Principles & Parameters approach
1.2 The unsolved tension between descriptive adequacy and explanatory adequacy observed in the theorization of
Mandarin passive constructions 1.3 Theoretical objectives of the book 1.4 Outline of the book Chapter 2
Overview of Related Literature: Problems and Partial Conclusions Therein 2.0 Introduction 2.1 Chomsky's
Standard Theory (ST) and the Chinese bei-constructions 2.1.1 English passivization in the light of ST 2.1.2
Chinese passivization in the light of ST 2.1.3 Problems and some preliminary conclusions 2.2 Chomsky's GB
theory and Chinese bei-constructions regarded as passives 2.2.1 Maturation of the view on English passivization
: by-phrase as a VP-adjunct 2.2.2 Establishing the passive status of the bei-less patient subject sentence 2.2.3
The categorial status of bei 2.2.4 The Case-absorption theory of the English and Chinese passivizations 2.2.5
Summary 2.3 The GB theory and the Chinese bei-constructions regarded as non-passives 2.4 The Minimalist
Program and the Mandarin passive studies 2.4.1 A brief account of the Minimalist Program and the English
passivization in minimalist terms 2.4.2 Characterizations of the Chinese passivization in minimalist terms 2.5
Recapitulation of this chapter Chapter 3 Remodeling the Chinese Passivization along the Derivational Line 3.0
Introduction 3.1 Postulation of Va in the Chinese passivization 3.1.1 Objections to the view of argument
augmentation in Chinese passives 3.1.2 Questioning the view of patient subjectivization and/or agent
adjunctivization 3.1.3 The way out 3.2 Conceptualization of Chinese passives and postulation of TdefP 3.2.1
Croft's tripartite event ICMs and the "derived voice" 3.2.2 Cognitive semantics of Chinese passives 3.2.3
Summary..... Chapter 4 Investigation of Some Remaining Issues Related to the Chinese Passives within the New
Model Chapter 5 Concluding Remarks Bibliography 后记
