<<当代中文3>>

内容概要

Contemporary Chinese is a set of CD-ROMs designed for those students who are learning Chinese. The ultimate goal of this CD-ROM is to develop the student's ability to comprehend and communicate in the Chinese language. Specifically, it provides training in listening, speaking, reading, and writing Chinese. This CD-ROM: is used in PC of Pentium III (or above), the edition of Windows 98 (or above) is concise, practical, authentic and covers a wide variety of topics is adaptable to the varied needs of different students gives equal attention to listening, speaking, reading and writing guides your learning step by step This CD-ROM includes: Text vocabulary, sentence patterns, grammar, phonetics, and cultural notes. Characters: Relevant information about each Chinese character is given, including definitions, pronunciation, word usage, and stroke order. Various kinds of exercises are also included to practice reading and writing of each character. Exercises: These exercises are comprehensive and vary in form covering listening, speaking, reading and writing. Video: There are interactive videos, which accompany each lesson. These videos are provided to offer a visual learning experience, which allows students to learn outside the written text.
